NEED A CIRCULAR SYSTEM?

Let us introduce
FACADECLICK!

FACADECLICK'S OPPORTUNITIES

A jointless circular brick wall!

Designed for disassembly and reuse.

Connector:

- Produced on green energy!
- Recycled material

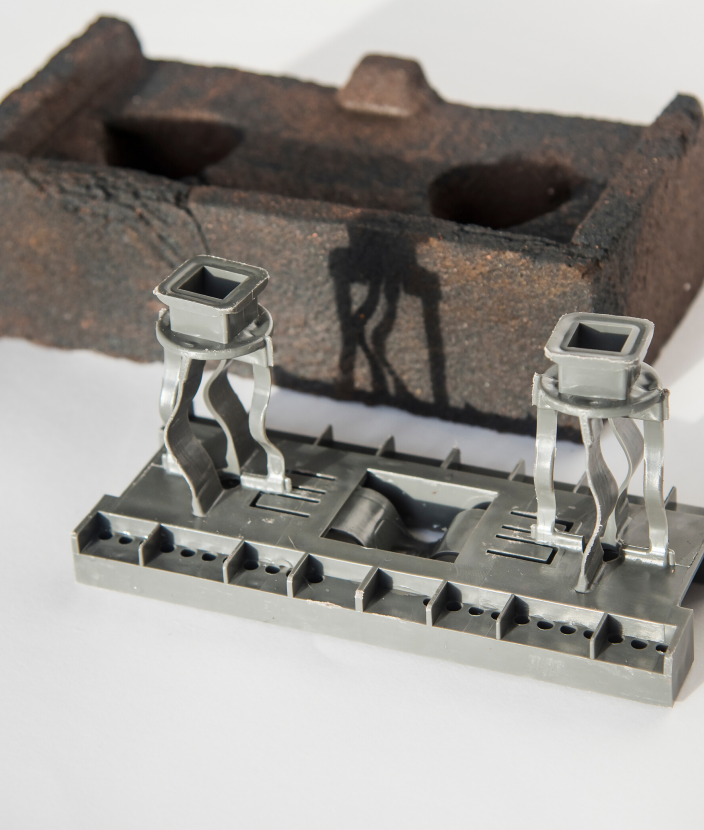

Brick:

- Lower carbon footprint due to production and binders!
- Use of recycled material!

Insulation:

- Bio- foam, produced from renewable material and fully biologically compostable
- recycled EPS

NEED AN EFFICIENT SYSTEM?

Let us introduce
FACADECLICK!

EFFICIENT AND EASY BUILDING SYSTEM

- Simple building- instructions
- Less manual work => less labour costs
- No mess = no clean up time
- No efflorescence = no removal cost
- Weather independant building
- No skills needed

FASTER AND SUPERIOR!

Insert:

- significantly higher pressure resistance and tensile resistance on cavity hook

Insulation:

- Guaranteed full cavity, without heat leaks
- Proven by thermal images
